

Guide to attending the practice

Due to the increase in cases of Covid/ respiratory infections across the country we do now encourage all patients, staff and visitors to wear a face covering whilst at the practice.

Hand sanitiser will be available for you to use prior to going through into the surgery.

After your appointment you will return to the reception, and if required you will make future appointments, purchase dental products and pay for your treatment.

If you, or a family member, feel ill with any of the following symptoms prior to the appointment then please contact the practice so we can offer advice about your attendance at the appointment:

- High temperature
- Cough
- Runny Nose
- Sore Throat
- Headache
- Shortness of breath
- Feeling tired or exhausted
- Aching body
- Loss of appetite
- Diarrhoea
- Feeling sick or being sick
