

Update: 26th March 2020

To all our patients

After sending the email/ letter yesterday, further guidance was forwarded to all dental practices in England. **Unfortunately, I have to inform you that dental practices can no longer offer face to face appointments until further guidance is received.**

If you have a dental emergency **during office hours** you should still call **07533 765 841** for advice on self-help and pain relief. If necessary, I will also be able to prescribe antibiotics for dental infections.

If these measures do not assist with your symptoms, then I will refer you to the **local Urgent Dental Care system, which is currently under development.** This system should be available within the next few days.

OUT OF OFFICE HOURS

If you have a dental emergency out of office hours call the numbers below:

- Denplan and private patients should call 01845 469299
- NHS patients should call 111

We do look forward to a time when we can offer our full services again, and wish everyone and their families the very best at this difficult time.

Stay safe.

Kind regards

Niki Kitsiou and the Team
